SCIENCE DAYS AT PARKHILL

This week all the children enjoyed two very exciting Science Days when they had the opportunity to observe and learn about living things. Visitors to the school brought snakes, spiders, a tarantula, a chameleon and other reptiles. A bee keeper told the children about the life in a bee hive and a conservation Ranger worked with the children in our conservation area. An insect hunt, artwork competition and poster making all helped to make the days a very worthwhile learning experience for all our pupils. Photographs of the event can be seen throughout the school and on our website. The look of delight on the children's faces as they held the reptiles spoke more than words could ever say of the joy and wonder that they felt at this unique experience.

PARENT SUPPORT ADVISER

We now have a Parent Support Adviser working in our school on Thursday afternoons. Sunita Varma is here to support and advise parents. Sunita is a qualified counsellor and will help with form filling, housing benefit advice, applications for free school meals, etc. This is a confidential service. Appointments can be made with through the school office.

LOST PROPERTY

We have a large collection of Lost Property. All lost property is kept in the conservatory. If your child has mislaid any items of clothing please collect them from the conservatory as soon as possible. **PLEASE NOTE** that all unclaimed lost property will be taken to the Charity Shop at the end of term.

PE KIT

With the warmer weather on its way, we are now holding PE lessons in the outside areas of the school. Would you please ensure that your child has a PE Kit available for his/her use in school - white T-shirt, black/navy shorts and plimsolls (that fit!) Thank you.
