MESSAGING DIRECT TO PARENTS

As part of our School Development Plan we are researching school-home communication systems and providers. We are looking for a reliable system that would enable us to communicate quickly and effectively, through email and/or text messaging, with parents and carers. Many of you used the school's Website successfully during the period of snow in the winter and we would now like to extend and enhance our systems. If you have any information, knowledge, ideas or advice of a system that you could recommend, I would be very grateful to hear from you.

PARENT SUPPORT ADVISER Appointments can be made through the school office.
